

# The 5<sup>th</sup> Annual Meeting of the Middle East Society For Gynecological Endoscopy

In Collaboration with  
**The Lebanese Society of Obstetrics and Gynecology**

September 13-15, 2018  
Phoenicia hotel - Beirut, Lebanon

**Save The Date**

**Hands-on, Workshops and much more !!**

## Welcome Letter

Dear Colleagues,

The Middle East Society for Gynecological Endoscopy (MESGE) since its creation in 2009 have ran successfully annual congresses, regional meetings and workshops around our region.

It is always a good opportunity to meet experts from around the world and discuss innovations and recent updates.

This September we will be together in Beirut to exchange knowledge, experience and research on Minimally Invasive Surgery, endometriosis and many other hot topics.

Hands on workshops on suturing and hysteroscopy along with others on electro surgery, laparoscopic myomectomy, laparoscopic hysterectomy, urogynecology, gynecological oncology, ... will be available to you so you can choose the ones of your interest.

Lebanon and Beirut, also known as Switzerland or Paris of the Middle East respectively, have an extremely nice weather during September. Their historical monuments aged thousands of years welcome you from North to South and from East to West.

Looking forward seeing among us to enjoy the beauty of the landscapes and the passion of science.

**Joseph Nassif, MD**

President of the MESGE

## MESGE Executive Board

|                      |                                          |
|----------------------|------------------------------------------|
