

RESUME

Dr. Shailesh Puntambekar
Professor,
OncoSurgeon & Consultant
Medical Director
Galaxy CARE Laparoscopy Institute.
Pune, India.

Synopsis:

Dr Shailesh Puntambekar is a cancer surgeon specialised in laparoscopic cancer surgery. He heads “Galaxy Care Laparoscopy Institute”, centre for advanced laparoscopy and Robotic Surgery in Pune. He has developed laparoscopic radical hysterectomy for cancer cervix known world over as the “Pune Technique”.

He is a faculty at the AAGL (American Association of Gynaecological Laparoscopy) and member of the AAGL Oncology Committee. He has won the prestigious “Golden Telescope Award” for the best video at AAGL thrice (In the yrs 2005 ,2009 & 2012) and is the only Indian and international surgeon to do so.

Invited as an expert on laparoscopic colorectal, gynaecological and oesophageal cancer surgery all over the world. International Scientific publications include- largest series of Laparoscopic radical hysterectomy, laparoscopic anterior exenteration, and laparoscopic total pelvic exenteration.

Has performed surgeries in live surgical workshops in India as well as in Germany, England, France, Romania, Turkey, Israel, Pakistan, South Africa, Tanzania, Kenya, Australia, Mexico, Srilanka, Bangladesh and Greece.

He is a reviewer for many scientific journals including JMIG (Journal Of Minimally Invasive Gynaecology), Elsevier Editorial System, International journal of Obstetrics & Gynecology, Minimal access journal (IAGES), Video journal of advanced laparoscopic surgery (Netherlands), European Journal of Operational Research (EJOR) and Indian Journal of Surgery.

He has published two video atlases on colorectal surgery and Robotic surgery. He has authored two books, 'Atlas of gynaecological oncology' (Jaypee, Now 2nd edition) and 'Atlas of Oesophageal Surgery' (Springer with co-editor Miguel Cuesta). This book has been translated into Chinese, German and Spanish.

He has contributed chapters in the Manual of Kiel school of Endoscopy (Editor- Lissote Metler) and Gynaec-laparoscopy (Editor- Resad Pasic) and Manual of Laproscopy (Editor- Nutan Jain)

He has published more than 50 publications in peer reviewed high impact international and national journals.

He is attached to the following hospitals:

- 1) Head of Dept of Minimal Invasive Surgery, BLK Hospital New Delhi
- 2) Consultant, Hemas Hospital, Srilanka.
- 3) Consultant, Columbia Asia ,Pune.
- 4) Consultant, Aster Medipoint Hospital, Pune.

He has transmitted live surgeries to 12 countries and Twice to AAGL (2008 and 2011) .

He has performed live surgeries in more than 150 live surgical workshops ranging from laparoscopic Whipples, Oesophagectomies, Radical hysterectomies

and colorectal surgeries in AIIMS, SGPGI Lucknow, PGI Chandigarh, PGIMS Rohtak and CMC Vellore.

He has performed over 400 Robotic surgeries.

Invited to conduct PG courses for AAGL, ESGE (European Society of Gynaecologic Endoscopy), APAGE (Asia-Pacific Association for Gynecologic Endoscopy) , Strasbourg University, France and Harvard University, Boston.

He is the first Indian to be invited to Brigham's Women Hospital, Boston (Harvard Medical School) to deliver guest lecture.

Biography

DATE AND PLACE OF BIRTH: May 31, 1966, Pavia, Italy

PERSONAL DATA: Married, Italian Citizen

EDUCATION: 1995 Board Certification in Obstetrics and Gynecology "University of Pavia, Italy"; 1991 M.D. Degree "Universita' degli studi di Pavia"; 1985 Diploma Major: Scientific Studies.

Qualifications and awards

Scholarship award from the Fogarty Foundation, National Institutes of Health, MD, U.S.A.

Scholarship award from University of Pavia, II Faculty in Varese

Scholarship award from Hospital "Di Circolo", Varese, Italy to conduct research in the field of prenatal diagnosis

Scholarship award "Claudio Miglierina" from the Italian Government to conduct research on "Fetal cells isolation in maternal blood" at the University of Basel, Basel, Switzerland

Research interests

Endoscopic surgery in gynecology with particular interest in the development of mini-invasive approaches in both benign conditions and oncologic diseases.

Prenatal diagnosis of congenital anomalies with particular interest in the investigation of the umbilical cord morphology and composition.

Premature labor and delivery with particular interest in the early identification of sonographic and biochemical markers of fetal inflammation.

Representative publications

1. Franchi M, Zanaboni F, Ghezzi F, Scarabelli C, Beretta P, Donadello N. Non closure of peritoneum at radical abdominal hysterectomy and pelvic node dissection: a randomized study. *Obstetrics & Gynecology* 1997 ;90 :622-7.

2. Ghezzi F, Gomez R, Romero R, Yoon BH, Edwin SS, David C, Janisse J, Mazor M. Elevated interleukin-8 concentrations in amniotic

fluid of mothers whose neonates subsequently develop bronchopulmonary dysplasia. *European Journal of Obstetrics and Gynecology and Reproductive Biology* 1998; 78:5

3. Holzgreve W, Ghezzi F, Di Naro E, Mazor M, Maymon E, Hahn S. Feto-maternal cell traffic is significantly perturbed in preeclampsia. *Obstetrics & Gynecology* 1998 ;91 :669-72.

30. Ghezzi F, Cromi A, Colombo G, Uccella S, Bergamini V, Serati M, Bolis PF. Randomized trial comparing 3-mm and 5-mm laparoscopic ancillary instruments for the management of adnexal masses. *Journal of the Association of American Gynecologic Laparoscopist*. In Press 2005

Clinical interests

The clinical activity has focused mainly on gynecologic surgery with the performance of a vast number of major surgical operations in both areas of gynecology and obstetrics. The major interest is the laparoscopic treatment of malignant diseases of the genital tract.
